Bonal International, Inc. Net Income Increases 23 Percent at Year to Date (Cont.)

“We are pleased to see our profit continue to increase as it has over the past three years,” said A. George Hebel, III, chairman and president of Bonal International. “It is our goal to add value for our customers and to continue increasing shareholder equity.”

In other news, the Bonal International Board of Directors recently informed its president that his employment agreement will not be renewed effective May 1, 2008. The agreement originally negotiated in 1985 and many of its terms were no longer applicable or in the best interest of Bonal. The agreement was terminated in accordance with its terms and there were no material early termination penalties incurred by Bonal International, Inc. Negotiations are currently ongoing for a new agreement which should be in place before May 1.

Bonal International Inc. through its wholly owned subsidiary, Bonal Technologies, Inc., is the world’s leading provider of sub-harmonic technology for metal improvement solutions with more than 35 years of expertise. Bonal’s patented technology and its three product lines: Meta-Lax® Stress Relief, Pulse Puddle Arc Welding® (PPAW®) and Black Magic® for distortion control, are sold in the US and in more than 49 countries. Headquartered in Royal Oak, Mich., Bonal provides a variety of services including consulting, training, program design and metal stress relief services for customers in the aerospace, armament, die casting, engine building, machine tool, mining, petroleum, plastic molding, racing, automotive, shipbuilding and welding industries.
