

Bonal International, Inc. Declares Dividend

Twenty-First Dividend in Last 13 Years

Royal Oak, Michigan, November 27, 2017 – Bonal International, Inc. (OTC: BONL) has announced a dividend of \$0.05 per share. This dividend marks the twenty-first time Bonal has issued dividends over the last thirteen consecutive fiscal years. The dividend is payable on December 15, 2017 to the shareholders of record as of the close of business on December 8, 2017.

Dividends are paid out of retained earnings. The Bonal International board of directors will continue to evaluate the Company's dividend policy on a quarterly basis.

Bonal International, Inc., through its wholly owned subsidiary, Bonal Technologies, Inc., is the patent holder and world's leading provider of sub-harmonic stress relief and weld conditioning technology. Bonal provides three lines of equipment – Meta-Lax® Stress Relief and Weld Conditioning, Pulse Puddle Arc Welding®, and Black Magic® Distortion Control, which are sold in the United States and more than 60 countries worldwide. Headquartered in Royal Oak, Michigan, Bonal serves the aerospace, automotive, defense, die casting, machine tool building, mining, mold making, power generation, racing, shipbuilding, and welding industries. Bonal's Meta-Lax technology is used to eliminate thermal stress in metal parts, thereby preventing distortion and cracking issues, at a fraction of the time, costs, and energy of competing technologies. More information can be found at www.Bonal.com or by calling 1-800-Meta-Lax.
